## Get to Know World Centric

World Centric is more than a compostables company. Founded in 2004 as a non-profit, we aimed to raise awareness about global inequalities, poverty, and environmental degradation. Initially focused on documentaries and sustainability courses, we have evolved into a leading manufacturer of plant-based compostable products for the foodservice industry.

Our commitment to our original mission remains steadfast: doing good in the world. Unlike other corporations, profit has never been our goal. We reinvest our earnings to support grassroots organizations tackling environmental issues, poverty, and social inequalities, and to meet the basic needs of those living on less than \$2 a day. We account for our carbon emissions, ensure fair wages and working conditions, and use the most sustainable materials to provide high-quality products at reasonable prices.

Our catalog features a wide range of certified compostable products, including plates, bowls, cups, cutlery, and takeout containers. Each item reduces environmental impact and offers a better alternative to petroleum-based products. By choosing us, you're not just selecting high-quality products—you're contributing to a more equitable and sustainable world. The choice is yours to make.

Learn more about our business model at [worldcentric.com](https://worldcentric.com).

## World Centric's Mission: Giving 25% of Profits

Did you know that 838 million people live on less than \$3 per day, struggling to access basic necessities like food, water, sanitation, education, and healthcare? Climate change compounds their challenges, leaving these communities with few resources to adapt. We believe a better world begins with ensuring access to basic needs and sustainable livelihoods.

Since 2009, World Centric has donated 25% of our annual profits to grassroots organizations addressing extreme poverty and environmental changes, alongside smaller programs supporting composting, food access, foodservice equity, and other community initiatives. Addressing social and environmental challenges isn't just our responsibility, it's our opportunity to create lasting change.

**Below are our giving numbers to date since the inception of our program in 2009:**

**\$19M+** 

Total Giving Since 2009

*Includes Impact Grants, Regional Giving, Carbon Giving, Staff Giving, Employee Donations and Product Donations*

**317+** 

Programs & Projects Funded

*Projects Span the Globe, Targeting Areas with the Greatest Need*

Through our giving, we aim not only to provide assistance but to help drive systemic change at the root of these issues. To learn more, see the feature on our Impact Partner on pages 40-41 or visit our website [worldcentric.com/giving](https://worldcentric.com/giving).

# Sustainable Business Certifications & Memberships

## Public Benefit Corp Since 2013

As a Benefit Corporation, we focus on how our business affects society and the environment. We aim to create a positive, measurable impact for employees, vendors, and the wider community.

## Certified B Corp Since 2010

As a certified B Corporation with a score of 120.5, World Centric demonstrates a strong commitment to social and environmental performance, accountability, and transparency.

## 1% For The Planet

One Percent for the Planet is an international organization whose members contribute at least one percent of their annual revenue to environmental causes to protect the environment.

## National Minority Supplier

The NMSDC advocates and serves as a growth engine to create a more inclusive and equitable business landscape for minority owned businesses.

*See page 47 for our product certifications.*

## Subject Matter Experts - A Sustainability Team

**US Composting Council®**

World Centric is committed to advancing the circular economy and establishing ourselves as thought leaders in the compostable products sector. Through our active membership in the US Composting Council and other industry organizations, we maintain a dedicated team of subject matter experts ready to support our customers' environmental goals.

**Our Team  
Can Help:**

**Recommend  
Products**

**Navigate  
Compliance**

**Advocate for  
Compostables**

**Recommendations** Our team provides comprehensive guidance on sustainable decision-making, composting infrastructure, waste reduction and diversion programs, and evolving local and federal legislation.

**Compliance** We help customers navigate compliance requirements, advocate for the acceptance of compostable products with composting operators, and deliver data-driven recommendations for optimal end-of-life solutions and beginning-of-life choices.

**Advocacy** Our Government Affairs and Policy expertise makes complex packaging regulations accessible and actionable for implementation. Connecting operators with the right resources to design and execute successful waste diversion programs ensures that your actions can help reduce the impact of our consumption on the environment and help create a better world.

For expert guidance on your sustainability initiatives, contact us at [zerowaste@worldcentric.com](mailto:zerowaste@worldcentric.com).

# Table of Contents

## Color Key

 Fiber & Bamboo Products  Paper Products  PLA & TPLA Products

### Cutlery - Paper/Bamboo/Fiber

Our cutlery is made from sustainable sources and is the perfect replacement for traditional plastic cutlery.

**Paper, Bamboo and Fiber Cutlery .....6-7**

### Heat Resistant TPLA Products

Our cutlery and reusable tableware is made from TPLA, a bio-based plastic made from plants and minerals.

**TPLA Cutlery.....8-9**

**Cutlery Dispenser and ZeroWare® ..... 10-11**

### Molded Fiber Products

Our fiber products are made from unbleached plant fiber like sugarcane, bamboo and wheat straw.

**Plates & Clamshells.....12-13**

**Takeout Containers & Lids.....14-17**

**Bowls & Lids.....18-19**

**Catering Pans and PizzaRound®..... 20-21**

**Trays and Napkins.....22-23**

**Portion Cups, Small Bowls & Lids .....24-25**

### FSC® Paper Products

Our paper products are made from FSC® certified paper from responsibly managed forests.

**Boat Trays & Folded Containers.....26-27**

**Takeout Containers & Fry Cups.....28-29**

**Paper Bowls, Cups, Lids & Accessories . 30-35**

### Clear PLA Products

Our PLA products are made from the sugars of renewable plants like corn and sugarcane.

**Cups, Lids & Straws ..... 36-37**

**Parfait, Delis, Bowls & Green Bags ..... 38-39**

### Featured Impact Project

Gravity Water is helping rural Nepalese become more climate resilient by harvesting rainwater.

**Gravity Water..... 40-41**

### Zero Waste Success Story

Spotlight on companies and events making a difference by diverting waste from landfills.

**Wilmington Compost Company.....42-43**

### Custom Design and Printing

Stand out with our innovative, plant-based packaging solutions that enhance your brand's sustainability.

**Custom Design & CPG ..... 44-45**

**Custom Printing .....46**

### Composting Certifications

We test our products to ensure they comply with ASTM standards for compostability and maintain third-party certifications.

**Composting & Specifications..... 47-48**

## PFAS Free Oil Resistance

World Centric products listed in this catalog contain no added PFAS and are made with alternative grease resistance solutions. This confirms our commitment to producing safe and sustainable products for our customers without sacrificing performance or compostability. The fiber products with no added PFAS are denoted by SKU endings as follows:

SKU Ending	Oil Resistance Details
-LF:	Product does not have any oil resistance, e.g. fiber lids that do not need oil resistance
-L-LF:	Oil resistance is provided by PLA lamination
-LFP:	Leaf Plus® World Centric's patented plant-based compostable solution for high temperature grease and oil resistance with no added PFAS*
-LFS:	Industry compostable solution for grease and oil resistance with no added PFAS

\*For a list of all patented products and solutions, visit [worldcentric.com/patents](https://worldcentric.com/patents).

NO ADDED PFAS

# PAPER, BAMBOO & FIBER CUTLERY

World Centric's cutlery gives operators more sustainable choices to offer their customers for takeout. Made from sustainable bamboo or plant fibers, not plastic, our cutlery helps lessen our reliance on fossil fuels and cuts down on plastic waste.

## Introducing New NoTree® Paper Cutlery

World Centric is proud to announce a new line of paper cutlery made from FSC® certified bamboo paper. Our new durable, compostable cutlery has a heat resistant coating for smooth, easy use—a sustainable and functional alternative to traditional plastic cutlery that is certified compostable in home and industrial facilities.

# PLA CUPS, LIDS, SALAD BOWLS AND CLEAR CONTAINERS

PLA (polylactic acid) products are made from plant sugars which are turned into lactic acid through fermentation, then converted into a polymer. Manufacturing PLA produces 75% fewer greenhouse gases and uses 50% less non-renewable energy compared to conventional plastics made from petroleum.

### PLA CLEAR COLD CUPS

Best for cold drinks only

Item #	Description	Case Count	Pack Count
CP-CS-4S	4 oz Cold Cup/Portion Cup	1000	50
CP-CS-5	5 oz Cold Cup	2000	50
CP-CS-6	6 oz Cold Cup	2000	50
CP-CS-7	7 oz Cold Cup	2000	50
CP-CS-9	9 oz Cold Cup	2000	50
CP-CS-9Q	9 oz Cold Cup, Squat	1000	50
CP-CS-10	10 oz Cold Cup	1000	50
CP-CS-12	12 oz Cold Cup	1000	50
CP-CS-14	14 oz Cold Cup	1000	50
CP-CS-16	16 oz Cold Cup	1000	50
CP-CS-20	20 oz Cold Cup	1000	50
CP-CS-24	24 oz Cold Cup	1000	50

See page 25 for PLA portion cups

### LIDS FOR PLA CLEAR COLD CUPS

Item #	Description	Case Count	Pack Count
CPL-CS-9	LID PLA - 4 to 9 oz, Raised, No Straw Hole	2000	50
CPL-CS-9F	LID PLA - 4 to 9 oz, Flat, No Straw Hole	1000	50
CPL-CS-12	LID PLA - 9Q to 24 oz, Straw Hole	1000	100
CPL-CS-12PR	NEW LID PLA - Green Stripe	1000	100
CPL-CS-12NS	LID PLA - 9Q to 24 oz, Sip Lid	1000	100
CPL-CS-12D	LID PLA - 9Q to 24 oz, Dome, Straw Hole	1000	100
CPL-CS-12DP	LID PLA - 9Q to 24 oz, Dome, No Straw Hole	1000	100

### FSC® KRAFT PAPER STRAWS

Item #	Description	Case Count	Pack Count
ST-PA-8-K	8" Kraft Paper Straw	6000	100
ST-PA-10-K	10" Kraft Paper Straw	6000	100
ST-PA-8W-K	8" Kraft Paper Straw - Wrapped	6000	100
ST-PA-J9W-K	NEW 9" Kraft Jumbo Paper Straw - Wrapped (Fits CPL-CS-12/12D, CUL-CS-12D)	2000	100
ST-PA-10W-K	10" Kraft Paper Straw - Wrapped	4000	100

## How to build a parfait with portion cups, lids & inserts

World Centric® compostable portion cups and lids come in a variety of sizes and configurations to make it easy to create the perfect parfait, salad and more. Pair a base with an insert and lid to keep foods separate until serving time. Then pop the top, mix contents and enjoy.

### 9 OZ REGULAR PARFAIT CUP

Item #	Description	Case Count	Pack Count
CPL-CS-9	LID PLA - Fits CPL-CS-2P, Raised, No Straw Hole	2000	50
CPL-CS-9F	LID PLA - Fits CPL-CS-2P, Flat, No Straw Hole	1000	50
CPL-CS-2P	2 oz Insert for CP-CS-9	2000	100
CP-CS-9	9 oz Cold Cup	2000	50

### 9 OZ SQUAT AND LARGER PARFAIT CUP

Item #	Description	Case Count	Pack Count
CPL-CS-12SH	LID PLA - Fits 9Q-24 oz Cold Cups, Portion Holder for CP-CS-2SF & CP-CS-4S	1000	50
CP-CS-2SF	2 oz Portion Cup, Squat and insert for 9Q-24 oz Cold Cups	2000	50
CP-CS-4S	4 oz Cold Cup/Portion Cup	1000	50
CP-CS-9Q	9 oz Cold Cup, Squat	1000	50
CP-CS-10	10 oz Cold Cup	1000	50
CP-CS-12	12 oz Cold Cup	1000	50
CP-CS-14	14 oz Cold Cup	1000	50
CP-CS-16	16 oz Cold Cup	1000	50
CP-CS-20	20 oz Cold Cup	1000	50
CP-CS-24	24 oz Cold Cup	1000	50

See page 25 for all PLA portion cups

### PLA RECTANGULAR DELI CONTAINERS

Item #	Description	Case Count	Pack Count
RD-CS-8	8 oz Rectangular Deli, Clear	900	100
RD-CS-12	12 oz Rectangular Deli, Clear	900	100
RD-CS-16	16 oz Rectangular Deli, Clear	900	100
RD-CS-24	24 oz Rectangular Deli, Clear	600	100
RD-CS-32	32 oz Rectangular Deli, Clear	600	100
RD-CS-48	48 oz Rectangular Deli, Clear	400	100
RD-CS-64	64 oz Rectangular Deli, Clear	400	100
RDL-CS-8	LID PLA - 8-16 oz Rectangular Delis	900	100
RDL-CS-24	LID PLA - 24-32 oz Rectangular Delis	600	50
RDL-CS-48	LID PLA - 48-64 oz Rectangular Delis	400	50

### SUSHI TRAY AND LID COMBO

Item #	Description	Case Count	Pack Count
SU-CS-75	7x5x2" Black Sushi Box w/ PLA Clear Lid	300	100

## World Centric's Giving Program

World Centric funds programs around the world helping provide basic needs and economic opportunities for communities facing extreme poverty, while also creating environmental benefit. Since 2009, we have been able to donate over \$19M to fund hundreds of programs worldwide. Your purchases make this possible. Learn more at [worldcentric.com/giving](https://worldcentric.com/giving).

**PARTNER SINCE: 2023**  
**FUNDING TO DATE: \$89,100**

### Project: Funding Rainwater Catchment Systems in Nepal

Tucked between India and China high up in the Himalayan Mountains, Nepal might seem like an unlikely place to be suffering from lack of clean drinking water, but that's exactly what's happening in many rural parts of the country.

Landslides and flooding have polluted water sources and long-term drought has left many communities without a viable source of fresh water. To make matters worse, most communities are in remote regions, making them challenging to reach.

Gravity Water Nepal is a local non-profit with a vision to build climate resilience for vulnerable communities through their rainwater harvesting systems.

Their clean water systems are installed in schools to catch, filter, and store rainwater. During filtration, the rainwater goes through a four-stage purification process, including micro-filtration and UV treatment, creating safe and potable water sources for students and teachers.

By preventing harmful waterborne diseases, clean water provides many important benefits for the community,

including improved health and economic stability, as well as improving education outcomes for children who are better able to stay in school.

#### The Process

**SCHOOL IS  
CHOSEN**

**SYSTEM IS  
INSTALLED**

**RAINWATER IS  
PURIFIED AND  
STORED**

**CLEAN WATER  
IS AVAILABLE**

With World Centric funding since 2023, Gravity Water Nepal has installed 62 filtration systems, which provide clean water to over 13,000 students in schools across Kavrepalanchowk District in rural Nepal.

By 2030, Gravity Water Nepal aims to provide climate-resilient water access to 1,000 schools through rainwater harvesting, starting with universal coverage in the Bagmati Province, which will benefit more than 350,000 students and community members.

*Learn more and support Gravity Water at [gravitywater.org](https://gravitywater.org).*

*"Access to clean water in schools ensures the well-being of both students and teachers, which supports learning and development."*

**- Samundra Giri, National Director, Gravity Water Nepal**

# ZERO WASTE SUCCESS STORY

# Demonstrating Sustainability: Ocean Fest + Wilmington Compost Company

## A Shared Commitment to Sustainability

Ocean Fest was founded in 2019 by three surfing buddies who can usually be found riding the waves of Surf City, NC. Bringing people together in celebration of Mother Ocean, Ocean Fest is more than a festival; it's an experience that uplifts community and educates

festival goers on how to better care for the coast. It provides a shining example of how events can champion sustainability.

This year, Wilmington Compost Company (WCC) played an essential role in Ocean Fest's mission to protect our oceans by donating compost services to capture organic materials generated during the weekend events. Through their composting services and dedication to full circle solutions, WCC has shown how businesses and communities can unite for a healthier planet.

With a strong commitment to sustainability, the festival used World Centric compostable products throughout the event—utensils, plates, and cups that can return to the earth as finished compost rather than fill up landfills. WCC collected and processed these items, ensuring they were converted into valuable compost.

Composting stations strategically placed around the event grounds made it easy for attendees to dispose of food scraps and compostable packaging. Volunteers, including WCC staff, guided attendees on how to sort waste properly, ensuring each item found its way to the right bin.

**By the festival's end, WCC successfully diverted 1,477 lbs of organic material from landfills, sending it directly to their processing facility to create healthy living soils.**

This partnership served as a visible reminder of how interconnected land and sea truly are. By keeping waste out of landfills and returning it to the earth as nutrient-rich compost, WCC helped remind everyone that every sustainable choice has a ripple effect, even on the oceans.

The success of Ocean Fest 2025 proves that what we do as individuals and organizations adds up. The collective impact of initiatives like this doesn't just create cleaner beaches and healthier soil, it inspires a cultural shift toward sustainability, where every choice counts. WCC's work with Ocean Fest is an invitation to think bigger about how our communities can care for the planet and challenge the status quo. Planet-friendly practices aren't merely an option - they're a responsibility.

The zero waste initiative at Ocean Fest involves the careful separation of food waste and compostable packaging.

**1,477 lbs of Organic Material Diverted**

## The Ocean Fest Grants Program

Since the inaugural festival in 2019, Ocean Fest has awarded over \$135,000 in grants to like minded environmental nonprofits who share their passion for ocean conservation. These grants have gone toward efforts including marine debris removal, fighting offshore drilling, protecting critical habitats, and educating the next generation of ocean stewards, to name a few. Learn more at: [theoceanfest.org/impact](https://theoceanfest.org/impact).

## Wilmington Compost Company - Driven by a Vision

Located in Rocky Point, North Carolina, just a stone's throw from the beach, Wilmington Compost Company is a family owned and operated business with a community centric vision.

With a passion for conserving natural resources for future generations, their mission is to create a world where waste becomes a resource and they've set the standard for innovative and sustainable waste solutions in the region.

The company has filled a need in the local area, offering composting services for families, businesses, events and more. By diverting food scraps and organic waste away from landfills, they reduce emissions and return vital nutrients to the earth. WCC's Large Type 3 compost facility processes these organic feedstocks and compostable packaging materials into a full spectrum compost.

Their core philosophy is centered around one belief: planet-friendly practices aren't merely an option—they're a responsibility. Learn more at [wilmingtoncompostcompany.com](https://wilmingtoncompostcompany.com).

# Elevate Your Brand with Custom Packaging

Stand out with our innovative, plant-based packaging solutions that enhance your brand's sustainability. Our expert team creates tailored CPG solutions for health & beauty, cosmetics, wellness, home goods, and food & wine, designing packaging that reflects your brand's identity and values.

## Sustainability is Creative

Partnering with creative and operations teams, we help realize your brand vision; from conceptualizing and visualization to prototyping and manufacturing.

### SUSTAINABILITY IS ELEGANT

### SUSTAINABILITY IS ICONIC

### SUSTAINABILITY IS PRECISE

### SUSTAINABILITY IS PLAYFUL

## Innovation at Your Fingertips

By merging plant-based materials with exceptional design, engineering, and manufacturing processes, we create packaging that not only meets but exceeds environmental standards.

## From Concept to Nationwide Delivery

Transform your brand with our tailored packaging solutions. From secure lid fits and stacking features to full graphic sleeves for unique, compostable cartons and outer sleeves, we bring your vision to life.

## Partner With Us

Trust us to enhance your brand's environmental impact and make a standout impression in the market. Our solutions are 100% plant-based, bleach-free, dye-free, and gluten-free, ensuring both environmental responsibility and product integrity. See [worldcentric.com/cpg](https://worldcentric.com/cpg) for more information or reach out to [sales@worldcentric.com](mailto:sales@worldcentric.com).

Scan the code for more information or visit our website: [worldcentric.com/cpg](https://worldcentric.com/cpg)

# Custom Printing Capabilities

Stand out from your competitors and make a stand for sustainability by imprinting your logo on compostable paper cups, bowls, containers, straws, sleeves and select fiber items. Please contact your sales representative or email [sales@worldcentric.com](mailto:sales@worldcentric.com) for product availability, pricing, MOQ's and lead times, which vary by item.

## Custom Printing Process and Timeline

### 1 Obtain Template

Your Sales Representative or Account Manager will supply the template needed for your project.

### 2 Email Artwork

Email print-ready art using our templates to [customprints@worldcentric.com](mailto:customprints@worldcentric.com). We will check your art for any issues/errors and forward to our suppliers for proofing.

### 3 Approve Proof

A digital proof is provided by our supplier. It is the customer's responsibility to check design and colors and sign their approval.

### 4 Await Delivery

Once proof is approved, printing will take place. Expect a 12-20 week turnaround for most items.

Reach out to your Sales Representative or Account Manager for more information or email [sales@worldcentric.com](mailto:sales@worldcentric.com).

# Sustainable Product Certifications

World Centric is proud to announce our new relationship with the non-profit NSF International, a global leader in product certification, to verify the compostability of our products. NSF provides trusted third-party verification, ensuring that compostable products meet stringent standards and comply with evolving regulations. Learn more at [nsf.org](https://www.nsf.org).

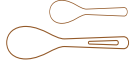

We test our products to ensure that they comply with ASTM standards for compostability and maintain the following third-party certifications. These certifications attest to the sustainability and compostability of our products. For more details about our certifications, see our website [worldcentric.com/certifications](https://worldcentric.com/certifications).

## Product Specifications and Composting Rates

The information below is meant to be a general guide. We recommended testing in your establishment for accurate information for your specific needs, as conditions can vary.

Hot/Cold Compatible 	Product Category	Heat Resistance	Shelf Life	Time to Compost*
	Plant Fiber Containers and Cutlery	Suitable for foods up to 450° F; Oven and microwave safe for short periods. Testing recommended	5 years	2-3 months
	Paper Hot Cups, Bowls & Lids	Suitable for food and drinks up to 220° F; Not microwavable	2 years	2-3 months
	NoTree® Paper Food Containers and Cutlery	Suitable for food up to 220° F; Containers are heat lamp and warming oven safe. Testing recommended	2 years	2-3 months
	TPLA Cutlery	Suitable for foods up to 200° F; Dishwasher safe	3 years	2-4 months
	ZeroWare®	Suitable for foods up to 200° F; Dishwasher safe	3 years	N/A

Cold Compatible 	Product Category	Heat Resistance	Shelf Life	Time to Compost*
	Paper Cold Cups	Suitable for cold and warm food and drinks only	2 years	2-3 months
	PLA Cups & Containers	Suitable for cold food and drinks only	2 years	2-4 months
	PLA Ice Cream Spoons	Suitable for cold and warm foods up to 120° F	3 years	2-4 months
	Green Bags	Suitable for cold items only	12 months	2-3 months

\*Composting estimates are based on an industrial composting facility and may vary depending on equipment and conditions. All products are certified to fully compost in an industrial composting facility within 6 months.

# RESPONSIBLE FROM START TO FINISH

## Molded Fiber Containers & Cutlery

- Made from unbleached bamboo, sugarcane and wheat straw plant fibers with no added PFAS
- Bio-based lining (where indicated) made from plants
- Gluten free
- Conform to FDA guidelines for food use

## PLA and TPLA Cutlery & ZeroWare®

- PLA Cutlery made from plant sugars
- TPLA Cutlery/ZeroWare have talc added for heat resistance
- Conform to FDA guidelines for food use

## Paper Cups, Bowls, Containers & Cutlery

- NoTree® cups, bowls, containers & cutlery made from FSC® certified bamboo paper
- White cups and bowls made from FSC® certified paper from responsibly managed forests
- Cups, bowls and containers have a bio-based lining made from plants
- Cutlery lined with heat resistant coating
- Conform to FDA guidelines for food use
- Not microwavable

## Cold Cups, Deli Containers & Lids

- Made from PLA, derived from plant sugars
- Conform to FDA guidelines for food use

## Food Scraps and Yard Waste Bags

- Made from synthetic plastics and starch
- Certified OK Compost Home by TÜV AUSTRIA
